Subject: Proposal 2

I am 65 years old and recently retired. I have enjoyed fishing for Salmon outside the Golden Gate since a child and later with my daughter and have looked forward to fishing in retirement with my grandchildren.

I am afraid that with the MLPA proposal's as written I may never be able to enjoy another trip out the Golden Gate and my Grand children may never be able to experience the joys of Salmon fishing that I did as a child.

It appears that we will have to live by one of the proposals and that (Proposal #2) would allow the best chance for future generations to experience the joys of catching their own salmon and the experience of an adventure on the Sea.

Thank You, Doug Kuhl
